ECO SOLVE

ACTIVE CONSTITUENTS 80g/L ALKALINE SALTS

Eco Solve is a totally biodegradable, non flammable hard surface cleaner degreaser.

It is effective in removing grease, oils, carbon, ink and general soiling from a variety of surfaces such as tiles, concrete, masonry, natural stone, plastics, metals and more and leaves no residue after rinsing.

DIRECTIONS FOR USE:

Do not swallow. Average ready to use strength recommended is one part Eco Solve to 10 parts water. May be used stronger or weaker if required. Apply by mop, spray, brush or wipe the surface to be cleaned. Allow a couple of minutes penetration then rinse with water.

SAFETY DIRECTIONS: Strongly Alkaline, avoid contact with eyes and skin. Rubber gloves should be worn.

FIRST AID: If poisoning occurs contact a doctor or Poisons Information Centre. If swallowed do NOT induce vomiting, give a glass of water. If in eyes hold eyes open and flush with water for at least 15 minutes and see a doctor.
