GRAFFITI REMOVER

Gel formulation

Rapelle Graffiti Remover Gel is a water soluble, bio-degradable non toxic paint remover. It has been formulated as a gel to adhere to vertical surfaces where it can be used to remove a variety of paints and ink types from unpainted porous surfaces such as stone, concrete and brickwork.

DIRECTIONS FOR USE:

Apply a liberal amount to the surface using a brush or roller. Allow time to work then remove with a high pressure water cleaner. It is recommended that a trial be carried out in an inconspicuous area to assess surface compatibility before applying to the total area.

Rinse the cleaned surface thoroughly with water. Coverage approximately 3m² per litre

Safety Directions: Take precautions when using this product. Refer to MSDS for details. Risk 36/38 Irritating to eyes and skin. Safety S41, S24/25. In case of fire and or explosion do not inhale fumes. Avoid contact with eyes and skin.

FIRST AID: If poisoning occurs contact a Doctor or Poisons Information Centre. If swallowed do NOT induce vomiting. Give a glass of water. If skin contact occurs remove contaminated clothing and wash skin thoroughly. If in eyes, hold open eyes and flood with water for at least 15 minutes and then consult a Doctor.
